

Do you as a holy person of God worship God at His true Bible Big Bang moment of creation? The question is do you ever worship God of the Bible at His Big Bang moment which solar cycle is at dusk of the modern sidereal Saturday night? Matthew 28:1 Did you know that when the Bible is translated correctly in the natural time mode the Christ did resurrect at dusk in the pagan religious time mode of the pagan sidereal Saturday night? Did you know that the all night worship of "Pentecost" (Acts 2:1) begins on a

solar cycle of the exact beginning of the Big Bang moment of creation at dusk of the sidereal Saturday night?

Prophecy is now being fulfilled when the entire world appears to be going to hell in a hand basket; actually we are in a time of the greatest awesome revival of the holy people of God that will restore the power of God to the Holy Ekklesia Bible records that in time will convince the rule of the entire world will begin to believe and worship God (see Daniel 7:27). The end of

time will not come before the entire rule of the entire world will serve and worship God.

Take note and get smart; there is no sidereal time mode written just once in the entire ancient languages of the Bible. As a holy person of God you must learn the world of difference between the natural time modes from the pagan religion of the sidereal week days of the seven pagan sky gods.

Millions of people do worship God at His Big Bang moment but because of false Bible

translation most Holy people of God do not know what the Big Bang moment of God is. Do you even know what the “Big Bang moment” of the creation of time, the dark, the unformed earth and the beginning of the cosmos or space is?

Believe proven scientific facts that are proving the Bible is from God and in the discovery of the Big Bang moment is also proving that we have false translated Bibles in the sidereal time mode of the sidereal week days of the seven pagan sky gods.

Give God thanks for
the Catholic priest
Georges Lemaitre.

Since 1927 A Catholic priest of the Catholic Church has discovered with a giant telescope and with his eyes he has proven that he can see the Big Bang moment of creation of the beginning of time in the creation of the dark. Georges Lemaitre first noted in 1927 that an expanding universe could be traced back in time to an originating single point, which he called the "primeval

atom". Believe Georges Lemaitre he is not trying to deceive us but he is honest and Georges is warning us that we have false Bible translations when mistranslated in the sidereal time mode.

Georges Lemaitre taught the absolute minus zero Kelvin "Cold Big Bang" is parallel to the Bible Big Bang. It is a designation used in cosmology to denote an

absolute zero
temperature at
the beginning
of the Universe,
instead of a
(hot) Big Bang.
Give our God
thanks for this
honest Catholic
Priest named
Georges
Lemaitre.
Time is coming
when this man
Georges
Lemaitre will
receive due
honor for his
discovery and
his willingness
against
Catholic
Catechism to
tell the truth
about the Big
Bang moment
to the entire
world. You
have no idea

what this
Catholic priest
has done to
correct false
Bible
translations
made in the
sidereal time
mode of
Catholic
Catechism.
The names
"primeval
atom" or "The
Big Bang" may
be miss named
(a Misnomer)
but the point of
the beginning
dark is made
correctly
according to
the Holy
Ekklesia Bible
and all other
Bible records
of Genesis 1:1-
2.

Since the discovery of the Big Bang moment millions of the most conservative of all Bible believers have stopped believing in their false translated Bibles and thousands of Church doors are closed forever. Until all Bibles restore true Bible time and are translated correctly never again will highly educated scientists or other higher educated people believe

Bibles when mistranslated in the sidereal time mode? Until true natural time in Bibles are restored never again will the majority of the higher educated believe in false translated Bibles.

From Wikipedia;
"Edwin Hubble confirmed through analysis of galactic red shifts in 1929 that galaxies are indeed drifting apart; this is important observational

evidence for an expanding universe."

Because all popular Bibles are mistranslated in the sidereal time mode of week days of the seven pagan sky gods all popular translated Bibles are proven by scientific evidences to be false because the false sidereal time mode mistranslated in all popular Bibles is impossible to coincide with the Big Bang

moment of creation in Genesis 1:1-2. Read the true translated Ekklesia Bible and see how "we are saved" by the true resurrection moment of Christ on the solar cycle of the Big Bang moment of the Creation. Rom 4:25; Rom 6:3-8; 1Pet 1:3; 1Pet 3:17-21. If Christ did not resurrect at dusk of the sidereal Saturday night (or on a solar cycle of the Big Bang moment in the natural time mode)

then our faith
would be
worthless and
we would still
be in our
trespasses and
sins
(1Corinthians
15:17). Here
are five
different
Ekklesia Bible
records of the
holy people of
God gathering
to worship on
the solar cycle
of the Big bang
moment which
is the true
resurrection
moment of
Christ. John
20:19; John
20:26; Acts
2:1; Acts
13:42-44; Acts
20:7. Agape
