In the holy Ekklesia Bible Christ is translated to resurrect on the exact beginning moment of the dark in the solar cycle of the astronomical miracle of the cold Big Bang moment of creation. Learn when translated correct in the holy Ekklesia Bible all the other moments that are all astronomical miracles made in the exact time parallel to the first astronomical miracle of the exact Big Bang moment of creation is making the Bible convincing that the Bible is from God. In the Ekklesia Bible translation Christ in his awesome astronomical miracle of his resurrection moment is in the exact time parallel to the astronomical miracle of the Big Bang moment of creation, Christ was exactly three full days and three full nights in the heart of the earth (Mat 12:38-40).

In all the popular translated Bibles are teaching that Christ lied in his prophecy of being three days and three nights in the heart of the earth. Then there are devils that manufacture "evidences" that are not evidences to try and prove "in the false sidereal time mode" that Christ was only a part of three days and three nights in the heart of the earth and they are only making Christ to appear to be a liar.

Look in the Ekklesia Bible translation there is no hard contradictions in the resurrection records. There is many hard contradictions in all the popular translated Bibles (see these hard contradictions in all popular Bibles Mark 16:1 and the parallel record in Luke 23:55-56. Prove with evidence the hot big bang was first and you can destroy the validity of the entire Ekklesia Bible translation. Any half a brain can easily see in all of science it is totally impossible to have at the first a "hot Big Bang" when it is proven by modern science it is the awesome power of dark energy that is driving all the light holders in the universe. Some heavenly lights must first have a light holder being driven by the awesome power of dark energy to cause the expansion of the entire universe.

Sidereal time mode is mistranslated in Bibles first by ruling members of the Catholic Church of Christ (see history of the Catholic archbishop Stephen Langton that has made Chapter numbers for all popular translated Bibles to make sidereal time mode and a sunrise resurrection for all popular translated Bibles. The Catholic Wycliffe Bible is the

first to place in false Bibles the many pagan blasphemous names found written only in the Catholic Catechism that today is found to be mistranslated into all modern popular Bibles). The Holy Ekklesia Bible translators are making the claim to remove from out of the holy Ekklesia Bible all false Catholic Catechism that today is found mistranslated in all the popular translated Bibles.

The entire pagan sidereal male "week" days and all the female "Wucu" days begin the Big Bang of creation in the middle of the night. Can you see how ridiculous to teach sidereal resurrection of Christ on the day of Sunday and the higher educated are made to hate God and they are made to hate the Bible from this false Bible translation of a "hot Big Bang of creation at midnight."

In the Holy Ekklesia Bible Christ resurrects on a solar cycle of the cold Big Bang written only in the natural occurring solar days.

Know this fact for certain for the highly educated astrophysicists and astronomers it is important the difference between Bibles written in the natural time mode of the holy Ekklesia Bible from Bibles mistranslated first by ruling members of the Catholic Church in the pagan sidereal time mode of the week days of the seven pagan sky gods.

If you worship God from a Bible then you either worship God from the first Catholic translated Church Bible with Catholic sidereal time mode from the Catholic Catechisms. Others worship God from the holy Ekklesia Bible translated by the Ekklesia of Christ in the natural time mode and teaching the same Big Bang moment that is written in the ancient languages of the Bible.

Your Bible is teaching either a cold Big Bang Bible translated by the Ekklesia of Christ or you have a Bible translated by the Catholic church of Christ and the Catholic Church claim a hot Big Bang in their Bible.

The Ekklesia Bible is teaching Christ resurrects at the beginning dark of the night of day one (a sunset resurrection).
